

# HOSEMASTER™

Retrieve and store your water hose with push-button ease!

- **RETRACTS & STORES** up to 75 feet of 5/8" water hose

- **EASY MANUAL EXTENSION** means no "tug-of-war" feeling as with spring loaded reels

- **POWERED RETRIEVAL** just push the button and your water hose is retracted and stored with no effort

- **STANDARD** garden hose fitting connection

***"Relax . . . we're on board!"***

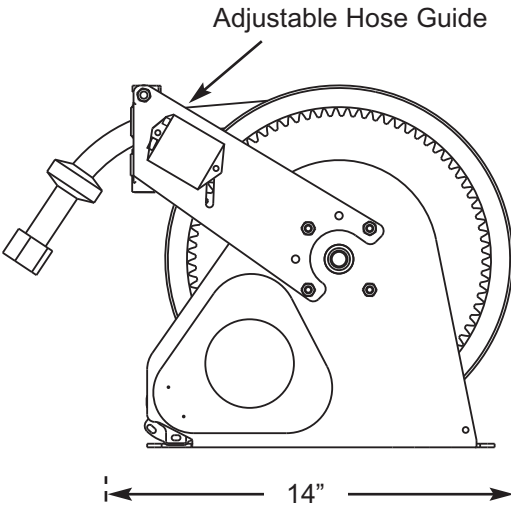

# STORING YOUR WATER HOSE HAS NEVER BEEN EASIER!

Why mess around with an uncooperative hose? The Glendinning Hosemaster™ puts an end to fighting with your water hose during storage. With easy manual effort you can extend as much hose as is necessary for the task at hand — and when you're done, the Hosemaster™ will automatically retract and store your water hose with push-button ease. The Hosemaster™ has a number of features that make it the only answer for your water hose storage problems!

## FEATURES & BENEFITS

- **POWERED RETRACTION** — Simply push the button and the Hosemaster™ will automatically coil and store up to 75 feet of 5/8" water hose.
- **ELIMINATES THE MESS** — If you've ever tried to coil up your hose after use, you know how often you get wet and how uncooperative your hose can be — not to mention how much space it takes up.
- **LISTED FOR POTABLE WATER APPLICATIONS** — can also be configured for use with other hoses or cords.
- **STAINLESS STEEL CONSTRUCTION** — The Hosemaster™ is made of stainless steel and plastic, materials that hold up under harsh conditions where corrosion is a problem.
- **FITS VIRTUALLY ANYWHERE** — The compact design of the Hosemaster™ allows it to be installed in the most space challenged areas.
- **ADJUSTABLE HOSE GUIDE** — This feature allows the unit to be mounted in a variety of positions for greater flexibility during installation.
